ANWB Promotional material

Dutch campers start looking for a campsite at ANWB. How a camping is rated is of great importance in making the right choice. The final verdict of the ANWB camping inspector is expressed in stars. The (new) score will be communicated to you prior to the new camping year. The number of stars says something about the type of campsite, the facilities and the quality. A handy aid for the camper. Does he choose for luxury and many facilities or charming and small-scale? The ideal campsite is quickly found!

Flags, window stickers and facade signs

Promotional materials in the form of a window sticker and flag* are available for small campsites and for campsites with 3 or more stars. Campsites that are allowed to carry the Top Campsite label will receive a facade sign in addition to a flag* and a window sticker. For the charming campsite category and campsites who accept Camping Key Europe, only a window sticker is available. You can place/hang the promotional materials in a highly visible location, so that campers who come to your campsite can see at a glance what label you represent.

If you are a newcomer to the Small Campsite and Certified Campsite category, we will automatically send you a flag* and window sticker at the beginning of the camping season. The flag is made of highly durable material, and can therefore be used for multiple years. After this, you will only receive a new flag upon request. Therefore, always check before the camping season starts whether your materials are satisfactory. If you would like to receive new materials, please let us know by sending an email to: campsitepackages@anwb.nl. By the way, you will receive a new window sticker every year.
